REMINDER: Township Has No Income Tax

In Ohio, townships do not levy an income tax on residents or employees of businesses located in a township. If you live and work in Miami Township, you should not pay any income tax. The fact that businesses and employees are not subject to any local income tax for income earned in the Township may be commonly known. However, it has recently come to our attention that employees of some businesses in the Township have erroneously had a portion of their wages withheld and sent to one of our neighboring cities.

The erroneous deduction of a city income tax from an employee who is a resident of Miami Township and works at a company in Miami Township seems to happen most frequently at businesses that are chains or have multiple locations within cities elsewhere in Ohio. The confusion may stem from the fact that Miami Township does not have its own postal zip code. Just because your employer has a mailing address of either Loveland or Milford does not mean that the business is actually located within either of those cities.

In conclusion, if you live and work in Miami Township, take a look at your pay stub to see if money is being withheld for a city income tax. If you believe that it is, we recommend you speak with your company's payroll department and contact whichever city is receiving your withholding to have them correct it and refund you your money. The same goes for any business located in Miami Township. Check your financial statements to ensure that your contracted accounting firm is not mistakenly withholding 1% of your business profits and distributing it to a local city.

Trustees Recognize High Flying Eagles

At November's Trustee Business meeting, Miami Township Trustees recognized the 2017 Milford High School football team for winning a share of their first Eastern Cincinnati Conference championship and qualifying for their first state playoff game since 1986.

The Eagle's finished the year 8-3, going 6-1 in the ECC. They had a great season and brought a tremendous amount of pride and joy to the community. We congratulate the Eagles on their accomplishment and wish them great success for many more seasons to come!

"We have a bright future," said head coach Tom Grippa, "it's Milford's time to shine." Coach Grippa was joined by senior linebacker, Bailey Knox, offensive linemen Chase Morgan and wide receiver Dylan Hughes.

Miami Township's Pavement Management Program

Earlier this year, the Miami Township Trustees authorized a contract with the engineering and pavement management firm Stantec to perform a complete survey of all 155.5 miles of road under Miami Township's maintenance jurisdiction. This entails driving each Township road and recording video of every square foot of pavement. This data is then reviewed by personnel trained to recognize pavement defects such as longitudinal, transverse and alligator cracking, raveling, rutting, patching, and potholes. The severity and quantity of each of those defects is measured and the result is a 1 through 100 rating "score" for each road we maintain, with 1 being the worst possible rating and 100 being the best. By utilizing this method we arrive at an objective rating of each road based on its current condition. Our plan is to use this information to guide the selection of roads we will repave each year.

Christmas Tree Recycling

Christmas tree recycling starts on December 26th and ends on January 31st. The drop-off locations are at Miami Meadows Park at 1546 State Route 131 and Paxton Ramsey Park at 6265 Price Rd. Drop-off areas will be clearly marked at the parks. Call the Service Department at 248-3728 for more information.

Citizens Police Academy Graduates

The MTPD graduated 18 citizens from the Citizens Police Academy. This is the 22nd class to graduate from the Academy since it was established in 1998. To date, over 343 citizens have completed the Academy.

The Citizens Police Academy is a ten week program that meets one evening per week and introduces students to different functions and components of the Police Department.

Upon completion of the Citizens Police Academy, graduates are invited to join the Alumni Association with members from previous academies. The Alumni Association is very active in Miami Township and Clermont County. Many of the events offered by Miami Township are successful due in part to the volunteerism of the Police Academy Alumni.

Congratulations to the students of Session XXII of the Miami Township Police Department Citizens Police Academy! We at Miami Township look forward to a very successful partnership for many years to come.

For more information about the Citizens Police Academy, contact Lieutenant Ted Swain at 248-3721 or visit us on the web at MiamiTwpOH.gov.

MTPD Assessing the Use of Body Worn Cameras

Chief Madsen

The Miami Township Police Department remains committed to our mission of enhancing the quality of life in our community by providing effective police services. We accomplish our mission by building upon our existing relationships, pledging to make new connections and continuing our focus of enhancing the trust with those we serve. For quite some time, our organization has made strides in listening and working with our community to build upon that trust for the people we serve. We will continue this effort to improve our organization through proactive means.

One proactive measure we are currently exploring is the implementation of Body Worn Cameras for all Miami Township patrol officers. Miami Township was a leader in technology many years ago when in-car cameras were implemented in all patrol vehicles for use during traffic stops and pursuits just to name a few. We see this next piece of technology as another level of clarity, and trust building for policing within our community.

Over the past many years your Police Department has received overwhelmingly positive satisfaction ratings from Citizen Surveys. We deeply appreciate this support and we understand there are always ways we can improve the delivery of our police services for our community.

The Miami Township Police Department is an internationally accredited agency through the Commission for Accreditation of Law Enforcement Agencies (CALEA) as well as the State of Ohio Collaborative for Community – Police Relations. CALEA and the Ohio Collaborative suggest and encourage law enforcement agencies to hold themselves accountable through a strict set of police standards. CALEA and the Ohio Collaborative have policy standards in place concerning Body-Worn Cameras (BWC) in the interest of building transparency and trust throughout law enforcement and the community. These standards have helped build the policy and procedures in which Miami Township has in place to address Body Worn Cameras. Our policy can be found on our web site located at MiamiTwpOH.gov for your review.

The Miami Township Police Department began assessing BWC's within our community on October 30, 2017 through November 30th, 2017. Eight patrol officers assessed two brands of BWC's; evaluating various hardware and software capabilities to help guide our decisions as we work toward this future equipment purchase.

Miami Township Police Department stands on our core values of Commitment, Integrity and Accountability and we see the use of BWC's as yet another level the professionalism in policing. We believe the implementation of a BWC program will only serve to build upon our community trust and make the relationships we have built with those we serve even stronger.

We recognize there may be questions surrounding body worn cameras that you would like answered. We encourage our residents to review the FAQ's below and to visit our website as noted above for our policy and procedures.

What is a Body Worn Camera (BWC)?

It is camera worn on the shirt of an officer that captures audio and video. Our officers will wear their cameras on their upper torso.

Why are officers wearing BWC's?

- Enhance public trust, transparency and accountability
- Reduce citizen complaints
- Decreases use of force
- Supplement supervisory oversight
- Improve the quality of evidence gathered
- Added layer of safety for the officer

Can I ask the officer to turn off the video camera?

You may request for the officer to stop recording; however, officers are not required to comply if they are investigating criminal activity or a violation of law.

Are the BWC's recording

constantly? No, the camera must be activated for the camera to start recording. The cameras will only record law enforcement related contacts.

When will an officer activate a

BWC? Police officers will activate a BWC anytime they are responding to calls for service or engaged in any law enforcement-related encounter.

Are there places the officers cannot

use BWC's? Yes, lockers rooms, dressing rooms or restrooms unless a criminal offense has occurred in these areas. Officers will attempt to take precautions to protect the dignity and privacy of all persons.

Can an officer have the BWC on while inside my home? Yes, they are required as long as they are investigating criminal activity or a violation of law.

Can the officer tamper with

the video? No, the BWC system is specifically designed to prevent the user from altering or deleting any recordings.

How long are the videos retained?

All videos are retained for a minimum of 90 days and/or according to Miami Townships Record Retention Schedule after which all non-evidentiary videos are automatically purged.

Can the public view BWC video?

Videos that meet the definitions of public records under Ohio Law may be viewed. A public records request may be made to the Miami Township Police Department during normal business hours.

Does MTPD have a policy for

BWC's? Yes, that policy is available for review at *MiamiTwpOH.gov*.

Things never slow down in the Recreation Department. As many of you are planning holiday celebrations and making New Year's resolutions, we are busy planning our 2018 Summer Camps and activities. In this newsletter you will find some new programs and classes dealing with a variety of topics and some possible new hobbies for you to engage in.

Krystin Thibodeau

This winter we have a series of health and well being classes taught by Evonne Herkert who has over 30 years of experience aiding others with health concerns. She is an interesting and engaging speaker and brings a different perspective to wellness. These classes compliment all of our Wellness & Fitness classes we offer throughout the year. Lois Leavens, our long time Water Aerobics instructor, is adding a new class to her lineup called Aquatic Fitness Hi-Lo Cardio Combo. Lois is a dedicated and passionate instructor and has quite a following of long term students who take her classes.

Backyard beekeeping has been on the rise throughout the United States due to a variety of reasons. If you want to learn about this fascinating topic or try it yourself this class will give you lots of information and resources.

If you have a child who might not want to engage in team sports I encourage you to take a look at our Tae Kwon Do program. This class is taught by McCormick Elementary teacher Jason Jacobs. Jason is a certified Tae Kwon Do instructor and has a long history of teaching children this unique and character building form of martial arts.

Our very popular Daddy Daughter Valentine Dances are back again and we have many registrations to date. To ensure your spots please register well in advance as this event does sell out.

The Recreation Department is sending you and yours best wishes for a wonderful holiday season and a healthy, happy New Year!

Have a Happy & Prosperous Holiday Season

Chief Kelly

As we come into the holiday season, we find ourselves in a time of reflection on the past year. This is a time to give thanks for our family and friends, and for the memories that we made throughout the year. At Miami Township Fire & EMS, we are an extended family that spends one third of our time together, away from our families.

That means we work nights, weekends, and the holidays since the department operates on a 24-hour

schedule. It is that very schedule that helps us to form a close bond, and one that helps us feel that same bond with our community.

We would like to take the time to wish all of our citizens and businesses a happy and prosperous holiday season, no matter what holidays you celebrate. Feel free to stop by one of our stations this season, have a hot cup of coffee or hot chocolate with our crews, and let the kids see the trucks and the station. We are thankful to have the support of our community and wish you and your family the best that this holiday season can bring.

Winter Holiday Safety

Winter holidays are a time for families and friends to get together. But that also means a greater risk for fire. Following a few simple tips will ensure a happy and fire-safe holiday season.

HOLIDAY DECORATING

- Be careful with holiday decorations. Choose decorations that are flame resistant or flame retardant.
- Keep lit candles away from decorations and other things that can burn.
- Some lights are only for indoor or outdoor use, but not both.
- Replace any string of lights with worn or broken cords or loose bulb connections. Read manufacturer's instructions for number of light strands to connect.
- Use clips, not nails, to hang lights so the cords do not get damaged.
- Keep decorations away from windows and doors.

BEFORE HEADING TO BED

Blow out lit candles when you leave the room or go to bed. Turn off all light strings and decorations before leaving home or going to bed.

HOLIDAY ENTERTAINING

- Test your smoke alarms and tell guests about your home fire escape plan.
- Keep children and pets away from lit candles.
- Keep matches and lighters up high in a locked cabinet.
- Stay in the kitchen when cooking on the stovetop.
- Ask smokers to smoke outside. Remind smokers to keep their smoking materials with them so young children do not touch them.
- Provide large, deep ashtrays for smokers. Wet cigarette butts with water before discarding.

DECORATION FACTS

- Two of every five home decoration fires are started by candles.
- Nearly half of decoration fires happen because decorations are placed too close to a heat source.

Hometown Restaurant Row - "Dining 131" in Miami Township!

State Route 131 extend for approximately five miles within the borders of Miami Township, beginning in Miford on the western boundary and ending at the township line at Goshen to the west. Interestingly, this important arterial within the Township, as a state highway, is regulated and maintained by the State of Ohio Highway Department.

What is the State Route 131 corridor best known for? How about great local dining options! Miami Township is home to several unique and popular places to eat, right along State Route 131, all within about one mile of each other. Starting with breakfast first, Mark's Donut shop is a Miami Township fixture located at the corner of State Route 131 and Wolfpen Pleasant Hill Road. Hungry at 3:30 a.m.? That's opening time for Mark's every weekday!

Take a look at these other great eateries along the Miami Township 131 Corridor:

Bite is a quaint eatery offering organic mains, daily specials & homemade desserts

Miami Market is a family owned & operated, hometown deli

Fuegos is a fast-casual restaurant making homemade Mexican recipes

Angilo's serves up a variety of hearty dishes including hoagies & pasta

Pickles & Bones serves slow smoked meats with scratch made sides, sauces and sweets.

Who Will Maintain Your Road This Winter

John Musselman

The Miami Township Service Department is preparing for winter operations. Salt trucks are being equipped with salt boxes and plows and all drivers will perform a dry run of their snow route. They will make note of road failures and obstructions in the public right-of-way that need to be corrected to avoid hazardous situations during snow and/or ice removal. This includes pot holes, low hanging tree limbs, and basketball hoops. Residents can help us by reporting potholes and removing portable basketball hoops within the public right-of-way. Permanent structures, including in-ground basketball hoops, are not permitted in the public right-of-way. As a reminder, Miami Township, the Clermont County Engineers Office, and the Ohio Department of Transportation maintain roads within Miami Township. Here is a list of who maintains what:

Winter Weather Watches and Warnings

Winter weather related Warnings, Watches and Advisories are issued by the National Weather Service. Knowing what's coming can help you and your family get prepared this winter season:

- **FREEZING RAIN** - Rain that freezes when it hits the ground, creating a coating of ice on roads, walkways, trees and power lines.
- **SLEET** - Rain that turns to ice pellets before reaching the ground. Sleet also causes moisture on roads to freeze and become slippery.
- **WINDCHILL** - Windchill is the temperature it “feels like” when you are outside. A Windchill Chart to show the difference between air temperature and the perceived temperature and the amount of time until frostbite occurs. For more information, visit: <http://www.nws.noaa.gov/om/winter/windchill.shtml>.
- **WINTER WEATHER ADVISORY** - Winter weather conditions are expected to cause significant inconveniences and may be hazardous. When caution is used, these situations should not be life threatening.
- **WINTER STORM WATCH** - A winter storm is possible in your area. Tune in to your radio, commercial radio, or tv for more information. A winter storm watch is issued when severe winter conditions, such as heavy snow and/or ice, may affect your area but the location and timing are still uncertain.
- **WINTER STORM WARNING** - A winter storm is occurring or will soon occur in your area.
- **BLIZZARD WARNING** - Sustained winds or frequent gusts to 35 miles per hour or greater and considerable amounts of falling or blowing snow (reducing visibility to less than a quarter mile) are expected to prevail for a period of three hours or longer.
- **FROST/FREEZE WARNING** - Below freezing temperatures are expected.
